SECTION 5: PREPARATION OF ITEMS

Hangers	Only adult size wire hangers are allowed. Hook should be to the left, like a question mark. Hangers are not returned.
Tags	Print tags from website on plain white paper or light weight (65 lb) cardstock. Do not use slick or textured paper, but white cardstock is acceptable. Tags are to be pinned with a safety pin to the UPPER RIGHT-HAND CORNER of items. For those items placed in plastic bags, tape or pin tag to OUTSIDE of bag. Do not tape over barcode! Do not place tag inside bag. HINT: if using a Mac, use Safari, NOT Firefox, for tags to print correctly.
Pricing	Prices are to be in increments of \$0.50. As a general rule of thumb, price items higher than yard sale prices, less than consignment stores. Prices should be approximately $1/4 - 1/2$ of the retail cost, depending on condition.
Quality	All items will be reviewed upon drop-off. No stained or damaged items will be accepted. Please be sure that items are clean and presentable, no worn out shoes or broken toys. Any item over \$25 must be inspected by one of the QC workers upon drop-off. Only this sale's season's items will be accepted.
Clothing	Infant through juniors clothing is accepted. Maternity clothing and school uniforms are also accepted. When hanging multi-part outfits, use only ONE hanger. See image example in Section 6. Only onesies may be placed in baggies. All other items must be on a hanger. Button all buttons, snap all snaps, zip all zippers! Please refer to the images on the last page for detailed pinning and hanging details. There will be a boy/girl coordinating rack. Please note, if your items are hung incorrectly it will be your responsibility to rehang your items, workers will not be able to assist you and this cannot be done during your work shift.
Accessories	Shoes, stockings, socks may be grouped and placed in clear plastic bags. Use clear packing tape to seal, NOT masking or duct tape.
Shoes	Secure shoes tightly together. Use either plastic ties or place in plastic bags, no safety pins. Be sure to clean shoes well, otherwise it may affect the quality of other shoes in the bins and risk being pulled for quality.
DVDs/CDs/Game Cartridges	Please test all DVDs, CDs and game cartridges to ensure that they are in working order and tape them closed. It is the Seller's responsibility to ensure the item is in working order and not scratched. Pirated copies are not allowed. No VHS tapes!
Battery Operated Toys/Equipment	It is the seller's responsibility to include batteries in any equipment. Items will be pulled by quality control if they are not in working order. All ride-on toys must also have charged batteries to demonstrate to buyers that the equipment is working.
Sizes	Use the manufacturers' size on the tag. Sizes will be limited to those on the drop-down menu when creating the tags. Avoid mixing the sizes within an outfit as these will be pulled by quality control.
Toys	Toys with several pieces should be placed in Ziploc bags and sealed with clear packing tape. Tape all items together securely and tape the tag to the bag. Be aware that tape may ruin some toys. Please indicate if any pieces are missing on the tag. The item may still be sold as long as the toy still works appropriately without those missing items.
Books	Please use RUBBER CEMENT to affix the tag to the BACK, OUTSIDE cover of the books. ****DO NOT USE TAPE to affix the tag as it will ruin the book!
Puzzles	Please wrap all puzzles in clear plastic wrap and then secure with packing tape to avoid damage to the puzzle. Then tape the tag to the plastic wrap.
Cribs	Cribs manufactured before June 28, 2011 will not be accepted for resale as per federal guidelines regarding crib standards.

Infant/Toddler Equipment	Safety pin the tag when possible, otherwise use clear packing tape to affix tag. Check for any recalls on manufacturers' websites, www.cpsc.gov , and www.nhtsa.gov for car seats.
Car Seats	Manufacturer's expiration date must be noted on the tag in the description portion. Seats cannot be sold if they are less than 12 months from expiration. This information can be found somewhere on the car seat and must be documented. All seats expire 6 years from manufacture date.
Bedding/Linens/Layette	Hang these items when possible as they display better. Keep in mind that single items don't sell well, i.e. washcloths, burp-cloths, towels and sheets. Try to group like items together. Clearly label any bagged items. Bag items, such as bottles and utensils, and tape labels to the outside of bags.
Matching outfits	Each outfit should be on its own hanger with its own tag and price. Place boy/girl matching outfits together with rubber bands and they will be placed on a special rack at the front of the sale, near the seasonal items. At the end of the sale Friday evening, these items will be disbursed to the appropriate size and gender section.
Stuffed animals	Only LICENSED/TRADEMARKED items will be accepted. (i.e. Disney, Nickelodeon) NO BEANIE BABIES, as they do not sell well.
Infant Bath Tubs	New Federal law requires that infant bath tubs manufactured on or after October 2, 2017 must have an attached warning label indicating drowning/fall hazards in order to be sold/resold. Tubs manufactured before Oct 2, 2017 do not require a warning label to be sold/resold. Check tub for manufacture date.

Once you have tagged all your items, it will be helpful to group them similar to the way the floor plan of the sale is laid out for a quicker drop off. Large plastic tubs can be used for all table items. Below are the groupings of the tables.

Table 1: shoes, layette, hats, belts, underwear, etc.

Table 2: baby care, booster seats, bath tubs, monitors, breast pumps, baby carriers

Table 3: infant toys, girl/boy toys, stuffed animals, sporting equipment

Table 4: puzzles, games, crafts, electronic games, books by age group, DVDs, CDs

Large items will go in the center or along the sides of the gym

Your clothing should be grouped by gender then size. When hanging the clothing on the racks, we ask that shirts, dresses, and whole outfits go on the top rack. On the bottom rack will be pants and skirts, then pajamas will be at the back of each size. Some sellers cover their clothing groups with dry cleaner bags for transportation to the sale.

First Time Mom/Grandmother Preview Sale: In order to generate new repeat customers and increase sales of infant items, we are inviting First-Time Moms/Moms-to-be and First-Time Grandmothers/Grandmothers-to-be *from the public* to shop the sale on Friday night from 7 pm – 9 pm, alongside our friends and family. These shoppers will have needed to pre-register online. A limited number of passes are available.

V.I.P. Tagging: Lots to sell, no time to tag? Let a V.I.P. tagger help you!

We will introduce a trial of V.I.P. Tagging service for Spring 2018 for NOWAMOM members only. Here's how it works:

V.I.P. Consignor will gather her clean, quality checked items to sell, and her assigned Tagger will pick up items. Tagger will hang, enter inventory and prices, and print and attach tags. Then Tagger will drop off items at the sale. Unsold items can either be picked up by the V.I.P. Consignor or left to donate.

The V.I.P. Consignor splits their earnings with their V.I.P. Tagger. For example:

Total Sales of V.I.P. Consignor = \$400

Nowamom Sale earns 20%	=	\$80
V.I.P. Consignor earns 40%	=	\$160
V. I.P. Tagger earns 40%	=	\$160

*****We need Taggers!** If interested, please email sale@nowamom.org You must have either sold in at least 2 previous NOWAMOM sales or be a current Board member. ***

Guidelines:

- V.I.P. Consignor pays a \$15 supply fee to the Tagger to cover gas/mileage/tagging supplies.
- V.I.P. Consignor still pays \$15 registration fee upon being matched with a Tagger.
- Tagger sets all prices. Taggers must have sold in 2 previous Nowamom Sales or be a current board member.
- V.I.P. Consignor is considered a “Drop Off Seller”. However, the Consignor may volunteer for work shifts (up to 4 shifts) to increase earnings. Tagger will earn the equivalent of 1 work shift for each mom she tags for, applied to her own items sold.
- Minimum number of items to consign is 50. Tagger may set a maximum number.
- V.I.P. Consignors are matched with Taggers on a first-come, first-serve basis.
- V.I.P. Consignors and Tagger will sign a contract outlining expectations.
- V.I.P. Consignors must have items ready for pick-up at least 4 weeks prior to the start of the sale, February 9th 2018.

PLEASE EMAIL SALE@NOWAMOM.ORG WITH ANY QUESTIONS!
